Address of the Committee on the State of Religion and Fraternal Correspondence with the Churches composing the Mt. Pisgah Association.

DEAR BRETHREN AND SISTERS :—Through the goodness of God we have been permitted again to meet as an Association, and again we address you in our letter of fraternal correspondence. Our present session has been pleasant, and, as we trust, profitable. The weather has been fine. The health, generally good; and we have had nearly a full representation from the churches. Our deliberations have been peaceful and harmonious. It has really seemed that the Lord has been in our midst, and that we have sat together in heavenly places in Christ Jesus. The preaching has been instructive and edifying. The letters from the churches represent them to be in a prosperous condition generally—true some of them complain of coldness, yet none of them have serious difficulties, so far as heard from. Nearly all of our churches have had preaching with greater or less regularity.

God still adds the seal of His approval to our Missionary work. Our Missionary has been blessed to perform the work assigned him; and God has blessed and owned it to the good of souls and the strengthening of the weak places of our Zion.

And we are glad to say to you that the claims of our Missionary, for services, have been fully met, and a considerable surplus remains in the hands of the Treasurer—evidencing a still increasing liberality in the churches on the subject of Missions. In addition, the subject of Indian Missions has been before us, and something done for its support. Is not the work of Missions the work of God? *Surely it is.* The Divine blessing rests upon it. Dear brethren, *beware of the insidious spirit of anti-mission.*

Beloved brethren, We claim to be Baptists. We are called Baptists. The Baptists are a peculiar people. We claim to succeed the Apostolic churches—to hold, to teach and practice the doctrine and ordinances delivered by Christ and His Apostles. To us is committed the important work of perpetuating these. How great the responsibility; how important the work!

We would close this, our address, by inviting your attention to a few thoughts upon the important subject of Baptism. Let us remember, that our position is, that IMMERSION ONLY is Baptism, and that only regenerated believers are proper subjects; and that only regularly ordained Baptist Ministers have the right to administer the Ordinance.

To sustain these views, we appeal to the New Testament, to the meaning of the Greek word, "*Baptizo*," and to church history. And we feel that, from these, we are able to make it appear, not only that Immersion was the Apostolic mode, but that there has been, from then till now, a succession of churches which has practiced this only. You likely, ask, if this be so, whence then come Sprinkling and Pouring in the name of the Trinity, claiming to be Baptism? Your question is a fair one, and we undertake to answer it. The Apostle tells us that "the mystery of iniquity doth already work." Here the Apostle has reference to that corrupt and corrupting principle which, under the influence of Judaizing teachers, early manifested itself in connection with christianity, and finally developed itself in the manifestation of "that man of sin," the Roman apostasy, the great anti-christian power; that, the Scriptures tell us, should arise. Brethren, from this anti-christian power, the Roman Catholic Church, with the Pope at its head, claiming the right to change the ordinances of the Kingdom of Christ, has the practice of Sprinkling and Pouring, for

Baptism.

Popery.

Baptism, come; nor can it claim any higher authority. The first known departure from the primitive mode, which was Immersion, took place about A. D. 250, but became more general among the Catholics in France, with the consent of the Pope, about the middle of the eighth century and finally was legalized as Baptism for all Catholics, in a popish council, at the city of Ravenna, A. D. 1311.

So then, we see that Sprinkling and Pouring, like infant and unconverted church membership, is the doctrine of Popery.

APPENDIX A.

REPORT OF THE COMMITTEE TO WRITE LETTERS.

Your committee to prepare correspondence with other bodies would report that they have written letters to Salem, Harmony and Bethlehem Associations, which they hold subject to your disposition. Respectfully submitted,
J. H. GRUNDY, Chairman.

APPENDIX B.

REPORT OF COMMITTEE ON SABBATH SCHOOLS.

Your committee feel that the reports and resolutions heretofore made to the Association, have had but little effect in stirring up the pure minds of the brethren upon the subject of Sabbath Schools, judging from the reports from the churches.

We have had "line upon line" upon this subject. Your committee feel greatly mortified that the churches manifest so little zeal for Sabbath Schools, judging from their letters. Yet we believe there is much more interest on the subject than we gather from the reports from the churches. It is certain if the churches could properly appreciate the influence of Sabbath Schools and their teachings upon the youth of the land, they could not, they would not be slow to have one in each house of worship.

Sabbath School committees have heretofore urged that this matter be attended to by the pastor or supply of each church.

Your committee, while they consider this as being a part of the duty of a pastor, yet believe it is equally, if not more properly the duty of the deacons to take the business in charge. Consequently, we would urge them to take this matter under their special direction, and with the aid

of the pastor or supply of the church, to form a Sabbath School in each house of worship; and would recommend that the deacons form a Bible class of all the members of the church where it can be conveniently done, in order that every member "may be thoroughly furnished unto every good work," and be ready at all times "to give a reason of the hope that is within them." All of which is respectfully submitted.

J. L. GRESHAM, Chairman.

APPENDIX C.

REPORT OF COMMITTEE ON QUERIES AND REQUESTS.

We, your Committee, would report that we find no queries sent up from the churches, but find requests from four churches for the next meeting of this body to be held with them; viz: Bethel, Good Hope, (Newton county) Beulah and Leaf River. We recommend that the request of Leaf River be granted. Respectfully submitted.

J. M. PACE, Chairman.

APPENDIX D.

REPORT OF COMMITTEE ON MISSIONS.

Your committee, feeling the innumerable obligations they are under to God for the gift of the Gospel, by which they have been brought to the "knowledge of the truth," and which is the "power of God unto salvation," and through which they have obtained a hope of eternal life, and to which every nation distinguished for wisdom and virtue is indebted, and from which all nations of earth should drink until the religion of Jesus Christ shall spring up in their souls like a "well of water unto eternal life; when peace, love, joy, goodness, faith, meekness and temperance will prevail; life, person and property will be held more sacred, and we will be under Heaven's tuition and carried through the entire course of instruction preparatory to our introduction into the high and holy habitation of

our Lord and Master.

Your committee rejoice at the love manifested (by most of the churches within our bounds) to God and man in the contributions made to sustain the mission cause within our bounds. Brethren, your course will bring the blessings of God to earth. "The Lord loves the cheerful giver." There is yet destitution within our bounds and we urge the continuation to supply that destitution, forasmuch as a knowledge of the Word of God is essential to the plan of salvation. "It is life eternal to know Thee, the only true God, and Jesus Christ whom thou hast sent."

We would further recommend the efforts of our body to spread the Gospel throughout foreign countries where it is not; that is, we desire a continuation of efforts to enlighten the nations of the earth until they can build their hopes on the rock Christ Jesus. Submitted.

J. A. HENDON, Chairman.

ANNUAL REPORT OF EXECUTIVE BOARD.

Your Board feel thankful to our Heavenly Father for His great goodness extended to us during the past Associational year in preserving our lives and permitting us to present our Annual Report. In prosecuting the work assigned us we feel that God's favor has been extended to us and the Divine blessing has attended the work. The lives of all your Board have been spared, and we held meetings embracing the 5th Lord's Days in January and May. Your Missionary, Eld. N. L. Clarke, was present at both these meetings, and made his reports, which evidenced that he had been faithful and his labors blessed. His final report presents interesting and encouraging facts, which we would gladly lay before you.

He has spent, in the last Associational year, in the work 163 days, preached 189 times, baptized 29, received by letter 39, assisted in the constitution of two churches, in the ordination of two ministers and three deacons, and traveled 2,753 miles. Besides the above, much labor has been performed in exhortations, discourses at the water side, prayer and family visiting. Your Missionary has sustained

the relation of supply, in his mission work, more or less of the time, to eight churches, all of which he reports in a state of peace, and mostly in a state of prosperity. Brother Clarke reports some remaining destitution, though not very extensive, for such has been the blessing of God upon our labors for the past four years that nearly all our territory is filled up with churches; so that, could these be supplied, there would not a great deal of the destitution remain within our bounds; yet a sufficiency to justify a continuation of the work. We, your Board, therefore recommend that this work be continued the ensuing Associational year, by making such an appointment as will supply the destitution that still remains. Respectfully submitted.
